

# Challenge - Plant Cell Diagram

---

The object of this challenge is to practice using the canvas drawing tools.

## Mild

Create a labeled diagram of a plant cell that includes the following:

- Cell wall (and label for cell wall using the text tools).
- Nucleus (and label for the nucleus using the text tools).
- Cytoplasm (and label for cytoplasm using text tools).

## Medium

Create a labeled diagram of a plant cell that includes the following:

- Cell wall (and label for cell wall using the text tools).
- Nucleus (and label for the nucleus using the text tools).
- Cytoplasm (and label for cytoplasm using text tools).
- Cell membrane (and label for the cell membrane using the text tools).
- Chloroplast (and label for chloroplast using the text tools).
- Vacuole (and label for vacuole using the text tools).

## Spicy

Create a labeled diagram of a plant cell that includes the following:

- Cell wall (and label for cell wall using the text tools).
- Nucleus (and label for the nucleus using the text tools).
- Cytoplasm (and label for cytoplasm using text tools).
- Cell membrane (and label for the cell membrane using the text tools).
- Chloroplast (and label for chloroplast using the text tools).
- Vacuole (and label for vacuole using the text tools).
- Mitochondria (and label for mitochondria using the text tools).
- Nucleolus (and label for the nucleolus using the text tools).
- Golgi Aparatus (and label for the golgi aparatus using the text tools).
