Challenge - User Inputs and Printing

The object of this challenge is to practice your skills with accepting user input and then printing output to the user.

Mild 🌶️

Create a program that satisfies the following requirements:

Input	Process	Output
Has the user input their name. Has the user input their favorite color.	Creates a coherent message that uses the user's name and favorite color.	Output the message to the user.

Medium 🌶️ 🌶️

Create a program that satisfies the following requirements:

Input	Process	Output
Has the user input their birth year. Has the user input their name.	Calculates the user's probable age. Creates a coherent message that uses the user's name and probable age.	Output the message to the user.

Spicy 🌶️ 🌶️ 🌶️

Create a program that satisfies the following requirements:

Input	Process	Output
Has the user input their age. Has the user input their name. Has the user input their favorite color.	Calculates the user's probable birth year. Creates a coherent message that uses the user's name, favorite color, and probable birth year.	Output the message to the user.
